Full name

James Doh Yeon Whang

Education

09.2017	PhD in Linguistics, NYU.
03.2007	BA in Linguistics and Japanese, UCLA.

Employment

03.2020–	*Assistant Professor*, Department of Linguistics, Seoul National University, Korea.
11.2018–12.2019	*Postdoctoral researcher*, Collaborative Research Centre (SFB 1102), Universität des Saarlandes, Germany. PI: Bernd Möbius & Bistra Andreeva.
10.2017–10.2018	*Postdoctoral fellow in computational modelling of language learning and processing*, MARCS Institute for Brain, Behaviour & Development, Western Sydney University, Australia. PI: Paola Escudero.

Grants and Awards

04.2020–03.2022	New Faculty Research Grant. Seoul National University.
06.2015–05.2017	National Science Foundation BCS-1524133. "Doctoral Dissertation Research: Predictability and recoverability of high vowel reduction in speech."
09.2011–05.2016	MacCracken Graduate Fellowship, New York University.
07.2014	Dean's Student Travel Grant, New York University.

Publications

Peer-reviewed

under revision	K. Yazawa, T. Konishi, M. Kondo, **J. Whang**, and P. Escudero. "Spectral and temporal acquisition of American English vowels by Japanese speakers: A corpus-based study".
accepted	**J. Whang**. "Multiple sources of surprisal affect illusory vowel epenthesis". *Frontiers in Psychology*.
2020	K. Yazawa, **J. Whang**, P. Escudero, and M. Kondo. "Language-dependent cue weighting: an investigation of perception modes in L2 learning". *Second Language Research*.
2019	**J. Whang**. "Effects of phonotactic predictability on sensitivity to phonetic detail". *Laboratory Phononology: Journal of the Association for Laboratory Phonology* 10(1):8.
2018	**J. Whang**. "Recoverability-driven coarticulation: Acoustic evidence from Japanese high vowel devoicing". *Journal of the Acoustical Society of America* 143(2):1159-1172.

2014	G. Gallagher and **J. Whang**. "An acoustic study of trans-vocalic ejective pairs in Cochabamba Quechua". *Journal of the International Phonetic Association* 44(2):133-154.
2014	A. Szabolcsi, **J.D. Whang**, and V. Zu. "Quantifier words and their multi-functional(?) parts". *Language and Linguistics* 15(1):115-155.

Proceedings & published abstracts

2020	B. Andreeva, B. Möbius, and **J. Whang**. "Effects of surprisal and boundary strength on phrase-final lengthening". *Proceedings of the 10th International Conference on Speech Prosody 2020*:146-150.
2019	**J. Whang**, K. Yazawa, and P. Escudero. "Perception of Japanese vowel length by Australian English listeners". In Sasha Calhoun, Paola Escudero, Marija Tabain & Paul Warren (eds.), *Proceedings of the 19th International Congress of Phonetic Sciences*:2228-2232.
2019	A. Tuninetti, **J. Whang**, and P. Escudero. "Non-native vowel perception in a 4IAX task: The effects of acoustic distance". In Sasha Calhoun, Paola Escudero, Marija Tabain & Paul Warren (eds.), *Proceedings of the 19th International Congress of Phonetic Sciences*:240-244.
2019	**J. Whang**. "Reconciling CV phonotactics and high vowel deletion in Japanese". In Katherine Hout, Anna Mai, Adam McCollum, Sharon Rose & Matt Zaslansky (eds.), *Supplemental Proceedings of the 2018 Annual Meeting on Phonology*.
2017	**J. Whang** and F. Adriaans. "Phonotactics and alternations in the acquisition of Japanese high vowel reduction". *Proceedings of the 41st annual Boston University Conference on Language Development*.
2016	**J.D.Y. Whang**. "Perception of illegal contrasts: Japanese adaptations of Korean coda obstruents". *Proceedings of the 36th Annual Meeting of the Berkeley Linguistics Society*: 488-498.
2014	**J.D. Whang**. "Effects of predictability on vowel reduction". *Journal of the Acoutical Society of America* 135(4): 2293-2293.

Conferences

2020	A. Tuninetti, **J. Whang**, and P. Escudero. "Effects of acoustic similarity in the MMN response during L2 speech perception". 12th Annual Meeting of the Society for the Neurobiology of Language (SNL 2020). Brisbane, Australia; October 21-24, 2020.
2020	**J. Whang**, J. Shaw, and S. Kawahara. "Acoustic consequences of vowel deletion in devoicing environments". 17th Conference on Laboratory Phonology (LabPhon 17). Vancouver, Canada; July 6-8, 2020.
2020	B. Andreeva, B. Möbius, and **J. Whang**. "Effects of surprisal and boundary strength on phrase-final lengthening". 10th International Conference on Speech Prosody 2020. Tokyo, Japan; May 25-28, 2020.
2019	**J. Whang**, K. Yazawa, and P. Escudero. "Perception of Japanese vowel length by Australian English listeners". 19th International Congress of Phonetic Sciences. Melbourne, Australia; August 5-9, 2019.
2019	A. Tuninetti, **J. Whang**, and P. Escudero. "Non-native vowel perception in a 4IAX task: The effects of acoustic distance". 19th International Congress of Phonetic Sciences. Melbourne, Australia; August 5-9, 2019.
2018	**J. Whang**. "Reconciling CV phonotactics and high vowel deletion in Japanese". Annual Meeting on Phonology 2018 (AMP 2018); San Diego, California; October 5-7, 2018.
2018	**J. Whang**. "Syllabification of consonant clusters by L1 Japanese L2 English speakers". Hanyang International Symposium on Phonetics and Cognitive Sciences of Language 2018 (HISPhonCog 2018); Seoul, Korea; May 18-19, 2018.

2018	P. Escudero, A. Tuninetti, and **J. Whang**. "Effects of cognitive development in speech perception". Hanyang International Symposium on Phonetics and Cognitive Sciences of Language 2018 (HISPhonCog 2018); Seoul, Korea; May 18-19, 2018.
2016	**J. Whang** and F. Adriaans. "Phonotactics and alternations in the acquisition of Japanese high vowel reduction". 41st Boston University Conference on Language Development (BUCLD 41); Boston, MA; November 4-6, 2016.
2016	**J. Whang** and F. Adriaans. "The role of phonotactics and alternations in the acquisition of Japanese high vowel reduction". 24th Japanese/Korean Linguistics Conference (J/K 24); Tokyo, Japan; October 13-16, 2016.
2016	**J. Whang**. "Illusory epenthesis and recoverability-conditioned sensitivity to phonetic detail". 15th Conference on Laboratory Phonology (LabPhon 15); Ithaca, NY; July 13-16, 2016.
2016	S. Kawahara, J. Shaw, and **J. Whang**. "Targetless /u/ in Tokyo Japanese". 15th Conference on Laboratory Phonology (LabPhon 15); Ithaca, NY; July 13-16, 2016.
2016	**J. Whang**. "Recoverability-conditioned sensitivity to phonetic detail in cross-language perception". PhoNE 2016; New York, N.Y.; April 9, 2016.
2016	**J. Whang**. "Effects of recoverability on perception of illusory vowels". 90th Annual Meeting of the Linguistic Society of America (LSA 2016); Washington, D.C.; January 7-10, 2016.
2014	**J. Whang**. "Acoustic effects of predictability and gender on Japanese high vowel reduction". 14th Conference on Laboratory Phonology (LabPhon14); Tokyo, Japan; July 25-27, 2014.
2014	**J. Whang**. "Effects of predictability on vowel reduction". 167th Meeting of the Acoustical Society of America; Providence, Rhode Island; May 5-9, 2014.
2010	**J.D.Y. Whang**. "Perception of illegal contrasts: Japanese adaptations of Korean coda obstruents". 36th Annual Meeting of the Berkeley Linguistics Society (BLS36); Berkeley, California; February 5-7, 2010.

Invited Talks

2021	James Whang. "The mechanisms and consequences of high vowel deletion in Japanese". Laboratoire de Phonétique et Phonologie; Paris, France; January 8, 2021.
2018	James Whang. "Effects of phonotactic predictability on Japanese high vowel processing". SimPhon.Net: Workshop 6; Bad Krozingen, Germany; December 9-11, 2018.
2018	James Whang. "Effects of phonotactic predictability on Japanese high vowel processing". Saarland University; Saarbrücken, Germany; July 18, 2018.
2018	James Whang. "Effects of predictability on the production and perception of high vowels in Japanese". Seoul National University; Seoul, Korea; May 16, 2018.
2015	James Whang. "Effects of recoverability on perception of illusory vowels: Preliminary results". Keio Institute of Cultural and Linguistic Studies Research Group; Tokyo, Japan; July 30, 2015.
2015	James Whang. "Learning high vowel reduction in Japanese: Combining empirical and computational approaches". RIKEN Brain Science Institute – Laboratory for Language Development; Saitama, Japan; July 30, 2015.
2015	James Whang. "Recoverability-driven speech patterns: The case of Japanese high vowel reduction". Keio Institute of Cultural and Linguistic Studies Research Group; Tokyo, Japan; May 19, 2015.

Other Manuscripts

in prep	J. Whang, K. Yazawa, and P. Escudero. "Crosslinguistic cue informativity: Case study in vowel length perception by Japanese and Australian English listeners".
in prep	J. Whang and F. Adriaans. "Learning to reduce and recover: the role of phonotactics and alternations in Japanese high vowel reduction".

2017	James Whang. *Shaping speech patterns via predictability and recoverability*. Dissertation, NYU.
	Chair: Frans Adriaans and Lisa Davidson
	Committee members: Gillian Gallagher, Maria Gouskova, and Shigeto Kawahara
2014	James Whang. *Modeling a phonotactic approach to segment recovery: Japanese high vowel reduction*. Second qualifying paper, NYU.
	Chair: Frans Adriaans
	Committee members: Adam Buchwald and Lisa Davidson
2013	James Whang. *Recoverability-driven vowel reduction: Evidence from Japanese high vowel devoicing*. First qualifying paper, NYU.
	Chair: Lisa Davidson
	Committee members: Gillian Gallagher and Kathryn Pruitt

Teaching

Undergraduate

108.208	*Phonology*
M1246.001000	*Statistics for Linguistics*

Graduate

108.523A	*Seminar in Experimental Phonetics*: Perception and Production

Services

Reviewer

Journals	*Applied Psycholinguistics*
	Journal of the Acoustical Society of America Express Letters
	Journal of Experimental Psychology: Learning, Memory, and Cognition
	Laboratory Phonology: Journal for the Association of Laboratory Phonology
	Speech Communication
Conferences	Laboratory Phonology (LabPhon); Annual Meeting on Phonology (AMP).

At MARCS

05.2018-10.2018	*Coordinator*, Slider-MAC (department-internal workshop and guest talks).

At NYU

2012-13	*Vice President*, Linguistics Association of New York University (for graduate students).
